

11-th International exhibition  
**«UzTechTransExpo-2019»**  
SPECIAL EQUIPMENT,  
TRANSPORT AND LOGISTICS SERVICES  
**March 27 – 29, 2019**

NEC «Uzexpocentre», Tashkent, Uzbekistan

The exhibition «UzTechTransExpo» is aimed to attract the leading international and domestic companies working in the field of production and supply of special equipment, transport technologies and logistics services. The event is one of the leading positions among the largest trading platforms of Uzbekistan according to the topics.

The project is focused on professionals and demonstrates the full range of industry solutions - all areas of the industry on one platform.

The event will promote the development of transport infrastructure, improve logistics, attraction of innovations and investments, and also growth of volume of supply of high-quality equipment and technology in the Central Asian region.

**Official support for the exhibition is provided by:**

- Ministry of Emergency Situations of the Republic of Uzbekistan
- The state committee of the Republic of Uzbekistan on Geology and Mineral Resources
- Mayor's Office of Tashkent
- The state committee of the Republic of Uzbekistan for roads
- General Directorate of Fire Safety of MIA of the Republic of Uzbekistan
- Association for development of business logistics (ADBL)

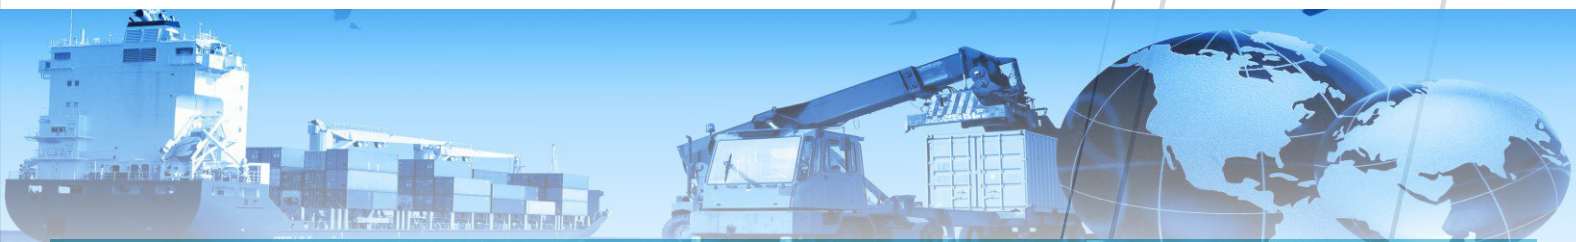

Under organizational support of JSC «Uzexpocentre».
