

中国(成都)国际供应链与物流技术及装备博览会

China (Chengdu) International Supply Chain and Smart Logistics Expo

INVITATION

21.Oct, 2019

Dear Colleagues,

China Chengdu International Supply Chain and Smart Logistics Expo (SCSL) 2019 will be held in Chengdu, Sichuan Province from Nov 14 to 16. It is co-hosted by Beijing North Star Events Group Co., Ltd and North Star Sinogold Exhibition Chengdu Co., Ltd. The annual event is the largest in supply chain and logistics exhibitions in western China.

Last year event attracted 130 exhibitors from 11 countries, including Germany, Poland, Sweden, Russia, Kazakhstan, Latvia, Lithuania, Georgia, Belarus, Nigeria and China. The number of visitors reached 8000 and exhibition area in total covered 20000 square meters.

2019 SCSL Expo has once again received great support from Chengdu Municipal Government, especially Chengdu Municipal Port and Logistics Office, as well as Chengdu Municipal Bureau of Exposition. Logistics associations in western China, companies and associations from Europe and Asia have also provided great support to the event.

The city of Chengdu has become the center of western China on economic and technological development as well as cultural innovation and foreign exchanges. It is also an important comprehensive transportation hub in the region, attracting attentions worldwide, especially from countries alongside the Belt and Road Initiative. As the start of Chengdu-Europe Express Railway and the hub of China-ASEAN Railway, Chengdu is playing the roles of collection and distribution of roadway trade between western China and Southeast Asia, Central Asia, Western Asia as well as Europe.

Therefore, last year's event drew wide attention and participation of companies from countries alongside the Belt and Road Initiative. We believe 2019 SCSL Expo will remain attractive to them and reach out to more companies outside the region. Conferences and exchange activities will be held during the Expo and we hope these events will promote concrete industrial cooperation between China and the world.

We would like extend our invitation to all companies from the industry of supply chain and logistics equipment. We will do our best to provide convenience and service to you during the Expo and conferences.

Look forward to welcoming you to the home of giant panda.
